

Training Workshop Agenda for Phase 2 of the SYNERGY Programme: “train the trainers”

Training workshop period: April 18th – April 23rd, 2005.

Training workshop location: The International Center on Small Hydropower, Hangzhou.

Training workshop participants: A total of 20 trainees will be chosen from locations with abundant renewable energy resources in China, and will focus on those engaged in renewable energy industry, development, and research departments. The trainees are to include 10 engaged in SHP, 5 in wind power, 3 in biomass, and 2 in solar. After completing this training, the participants can return to their departments to promote the renewable energy commercialization regional focal points. In their subsequent work, they can extend and impart their knowledge, and promote the development of local renewable energy businesses.
